# WHY ISONAS PURE IP?

## EASIER TO INSTALL AND OPERATE

The only equipment you need at each access point is a network connection, CAT 5 Ethernet cable and your Pure IP™ Reader-Controller. This eliminates the need for complex wiring and reduces the amount of time and labor needed to install the system.

## FLEXIBLE AND SCALABLE

Now you can control access anywhere a CAT 5 can be installed. Remote sites, hospital medical cabinets, server racks, parking gates, ambulances—the possibilities are endless. Manage thousands of reader controllers on a single computer across a geographically disbursed network.

## MIGRATION

The same way the encoder helped analog video cameras move to IP, our IP-Bridge allows you to transition your customers from the Wiegand panel system to a Pure IP™-based solution. Providing them a cost effective solution for their system without having to rip and replace.

## BUILT IN INTELLIGENCE

With over 64,000 permissions, 5,000 events and 32 time zones able to be stored on each Pure IP™ Reader-Controller the unit functions independently and prevents a single point of failure. So even if your network goes down your access control continues to function.

## TRUE NETWORK DEVICE

Our network addressable Pure IP™ Reader-Controller allows you to Plug and Play your access control system, by using the DHCP functionality or call home capability to seamlessly connect to the host.

## ADAPTABLE

The open systems platform enables seamless integration with other systems, including SQL and TCP/IP. The powerful integration with Video Management Systems or third party access control software platform allows a fully comprehensive security solution.

# WHY OPTIMA?

There is **NO SUBSTITUTE** for experience.  
We have been in business since 1995.

**Ongoing Support.** We have a full team of in-house help desk support staff to assist with any troubleshooting or programming changes.

We are a **24/7/365** business. When you call - we pick up the phone.

At the head of every department is an owner. We truly care about and appreciate your business regardless of how big (or small) you are. We recognize and live by the rule :

**“IF WE DON'T TAKE CARE  
OF THE CUSTOMER -  
SOMEONE ELSE WILL”**

**(800) 270-9204**
